Davis's interpretation of the `1812', with choir at start and finish, is by no means perfunctory. He forces the orchestra to bring out the drama of every bar. In the `Romeo & Juliet' it is the dynamic contrasts that stand to the fore, again further emphasising the drama.

There is one rarity here, Voyevoda, and one special kind of performance, namely the 1812 `overture'. In the latter we are treated to the full arsenal of bells cannons and choir, and not just any old bells cannons and choir at that but the real deal from St Petersburg.

(Boosey & Hawkes Scores/Books). HPS 247

Commissioned to mark the 1882 All-Russia Exhibition of Arts and Crafts, this extraordinarily popular work was premiered at the consecration of the Kremlin's Cathedral of the Redeemer--the monument built to commemorate the Russian defeat of the Napoleonic invasion in 1812. A colorful musical tapestry of nationalistic themes and battle scenes, performances of the "1812" - with cannons thundering and bells pealing - have remained an electrifying outdoor event at patriotic concerts worldwide.

The 2nd edition of the standard work on the tubas & their predecessors. 100 illustrations, 100 music examples, 8 appendices, 23-pp. bibliography, 33 pp. index. 640 pp. published 2000.

This volume contains authoritative Russian editions of three of Tchaikovsky's most popular orchestral works. "The 1812 Overture, " Op. 49, is among the best known and most beloved of all classical music compositions, thrilling audiences with its stirring martial themes and spectacular climax of roaring cannons and pealing church bells. "March Slave, " Op. 31, memorable for its poignancy and somber beauty, is a mainstay of the orchestral repertoire. This new compilation of popular masterworks concludes with the lovely and moving "Francesca da Rimini, " Op. 32, a dramatic tone poem considered to be among Tchaikovsky's finest compositions, with over 20 current recordings by the world's great orchestras. This volume will be welcomed by conductors, musicians, music students, and legions of listeners who enjoy the rewards of following Tchaikovsky's exceptional orchestration.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and

possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

(Boosey & Hawkes Scores/Books). Modeled on Stravinsky's "Le Chant du Rossignol," this 14-minute work for orchestra is an homage to the work and wit of Nicholas Slonimsky, the Russian eccentric literary genius who wrote *The Thesaurus of Scales and Melodic Patterns* (1947), from which Adams drew scales and harmonies.
