## Career Options, Entrance Exams For Class 12 Commerce Students

Dr CL Jonwal (43), was a zoology professor, who succumbed to the virus in the early hours on Tuesday at AIIMS. He was promoted to the post of associate professor on March 30 and is survived by his ...

Based on Sanskrit mathematical aphorisms found in the Atharvaveda.

The book that inspired the major new motion picture Mandela: Long Walk to Freedom. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's anti-apartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. LONG WALK TO FREEDOM is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life--an epic of struggle, setback, renewed hope, and ultimate triumph.

Gives an understanding of the glorious intellectual and spiritual tradition of (a) great country.' Albert Einstein Written over five months when Jawaharlal Nehru was imprisoned in the Ahmadnagar Fort, The Discovery of India has acquired the status of a classic since it was first published in 1946. In this work of prodigious scope and scholarship, one of the greatest figures of Indian history unfolds the panorama of the country's rich and complex past, from prehistory to the last years of British colonial rule. Analysing texts like the Vedas and the Arthashastra, and personalities like the Buddha and Mahatma Gandhi, Nehru brings alive an ancient culture that has seen the flowering of the world's great traditions of philosophy, science and art, and almost all its major religions. Nehru's brilliant intellect, deep humanity and lucid style make The Discovery of India essential reading for anyone interested in India, both its past and its present.
