Im Islam besteht ein Rechtssystem, das göttlichen Ursprungs ist und an dem der Mensch nach Ansicht konservativer Religionsinterpreten nichts ändern darf. In der westlichen Welt richtet man sich nach einem liberalen, vom Geist der Aufklärung getragenen Wertesystem, das den Einzelmenschen im Mittelpunkt sieht. Die Konfliktzonen, die sich aus diesen Spannungsfeldern ergeben, kommen am deutlichsten im Kriminalrecht hervor. In diesem Buch werden die verschiedenen Problembereiche von beiden Seiten und an Hand der aktuellsten Entwicklungen untersucht.

The author highlights the three main aspects of Shi'a Islam: its historical development, especially the history of the Imams; the rituals, including flagellation and passion plays; and the rule of the mullahs, known as the "government of experts." Shi'ism is as old as Islam. It began as an exclusively Arab political issue of succession to Muhammad, and was later embraced by the Iranians. At the core of Shi'i religious practice are rituals of mourning and atonement.--Publisher description.
