Winner, American Library Association Booklist's Top of the List, 2019 Adult Nonfiction Acclaimed writer Marie Arana delivers a cultural history of Latin America and the three driving forces that have shaped the character of the region: exploitation (silver), violence (sword), and religion (stone). "Meticulously researched, [this] book's greatest strengths are the power of its epic narrative, the beauty of its prose, and its rich portrayals of character...Marvelous" (The Washington Post). Leonor Gonzales lives in a tiny community perched 18,000 feet above sea level in the Andean cordillera of Peru, the highest human habitation on earth. Like her late husband, she works the gold mines much as the Indians were forced to do at the time of the Spanish Conquest. Illiteracy, malnutrition, and disease reign as they did five hundred years ago. And now, just as then, a miner's survival depends on a vast global market whose fluctuations are controlled in faraway places. Carlos Burgos is a Cuban who fought in the civil war in Angola and now lives in a quiet community outside New Orleans. He was among hundreds of criminals Cuba expelled to the US in 1980. His story echoes the violence that has coursed through the Americas since before Columbus to the crushing savagery of the Spanish Conquest, and from 19th- and 20th-century wars and revolutions to the military crackdowns that convulse Latin America to this day. Xavier Albó is a Jesuit priest from Barcelona who emigrated to Bolivia, where he works among the indigenous people. He considers himself an Indian in head and heart and, for this, is well known in his adopted country. Although his aim is to learn rather than proselytize, he is an inheritor of a checkered past, where priests marched alongside conquistadors, converting the natives to Christianity, often forcibly, in the effort to win the New World. Ever since, the Catholic Church has played a central role in the political life of Latin America—sometimes for good, sometimes not. In this "timely and excellent volume" (NPR) Marie Arana seamlessly weaves these stories with the history of the past millennium to explain three enduring themes that have defined Latin America since pre-Columbian times: the foreign greed for its mineral riches, an ingrained propensity to violence, and the abiding power of religion. Silver, Sword, and Stone combines "learned historical analysis with in-depth reporting and political commentary...[and] an informed and authoritative voice, one that deserves a wide audience" (The New York Times Book Review).

Lancelot, despite being the bravest of the knights, is ugly, and ape-like, so that he calls himself the Chevalier mal fet - "The Ill-Made Knight". As a child, Lancelot loved King Arthur and spent his entire childhood training to be a knight of the round table. When he arrives and becomes one of Arthur's knights, he also becomes the king's close friend. This causes some tension, as he is jealous of Arthur's new wife Guinevere. In order to please her husband, Guinevere tries to befriend Lancelot and the two eventually fall in love. T.H. White's version of the tale elaborates greatly on the passionate love of Lancelot and Guinevere. Suspense is provided by the tension between Lancelot's friendship for King Arthur and his love for and affair with the queen.

In the days of King Arthur there stood a mighty oak tree within the walls of a castle. Peace reigned in the castle until the fearsome night when Lionel, longlost brother of Lord Weldon, returned to cause trouble and unhappiness. It was then that Shan, the son of Lord Weldon, took on the duties of a knight and hid the sword in the hollow of the giant oak. The days that followed were filled with adventures that tried the courage of the young boy. Shan was surprised by bearded robbers in the woods. He met noble knights in plumed helmets, and eventually he even made a trip to high-towered Camelot. His story is filled with the pageantry and color of England in King Arthur's time. It creates a vivid picture of the Knights of the Round Table and the wisdom of King Arthur himself. Mr. Bulla captures the spirit of those romantic days in a straightforward, exciting manner. The result is another delightful book for his wide audience of young readers. Paul Galdone's vigorous illustrations are as evocative as the text.

Reproduction of the original: The Legends of King Arthur by James Knowles

An ALA Best Book for Young Adults. "[A] spellbinding twist on the Round Table legend . . . a standout in this enormous canon."—Publishers Weekly (starred review) The newly crowned King Arthur is unsure of himself; worse, the people are unsure of him. Too many people want the throne, and treachery is everywhere. Merlin must do something before the king is betrayed, or murdered, or—worst of all—gets married. So Merlin magically places a sword into a slab of rock, lets it be known that whosoever removes the blade will rule all of England, and invites any man who would dare to try to pull out the sword. After a bit of showmanship, Arthur will draw the blade (with a little magical help, of course), and the people will rally around the young king. Except someone else pulls the sword out first . . . A Booklist Editors' Choice ABA's Pick of the Lists A Parent's Guide Children's Media Award Winner "Yolen takes elements of Arthurian legend and makes them her own in this involving novel."—Booklist (starred review) "[A] page-turning tale of magic and adventure, betrayal, loyalty, and love."—School Library Journal (starred review) "A subtle, many-layered tale . . . It is, as the book's ending tells readers, 'an old story but a good one,' and Yolen does it honor."—VOYA (5Q—highest rating)
